

Promoting Positive Behaviours – Teaching Staff

Presenter: Dr Anna James

The aim of this session is to provide either teaching or support staff working within the classroom strategies to minimise inappropriate behaviours from rudeness to swearing. Participants will also be shown that strategies that look to promote the positives in students' behaviour can be very successful. The course considers not only practical methods but also how participants' own behaviours can have a significant effect on their success in dealing with a difficult situation.

Part 1

9.30-10.30

- Welcome
